

# JULAYO

**CHANGING LIVES ONE COMMUNITY AT A TIME  
WITH EQUITABLE HEALTHCARE FOR ALL.**

**We are a global health non-profit organization aiming to create sustainable healthcare facilities staffed fully by local individuals. Our goal is to help reverse brain drain while improving both the health of the community and the local economy.**

# Our first project is in **AKURE, NIGERIA**

phase

1

## **PRIMARY CARE CLINIC & VACCINATION CENTER**

- Adult primary care, pediatrics, and gynecology
- Focus on preventative medicine, health maintenance, and well-child care
- Health education outreach programs
- Provide employment opportunities for the local Nigerian community
- Staff and supply our secured location within the Akure community

phase

2

## **SCHOOL OF MEDICAL SCIENCES**

- Training programs for nursing, emergency medical technicians, pharmacy technicians, radiology technicians, medical assistants, medical secretaries, and health educators
- Clinical clerkships will be held at the primary care clinic
- Professors will come from both Nigeria and overseas
- Tuition will be set at market rate with an opportunity for scholarships as funding allows

phase

3

## **MEDICAL CENTER**

- 75-bed hospital with full operating room suite and labor & delivery unit.
- Subspecialties included:
  - o Orthopedics
  - o Infectious disease
  - o OB/GYN
  - o Pediatrics
  - o General surgery

Akure is the capital of Ondo State. There are 1.5 million people in the city of Akure and the surrounding areas and only one public hospital.

## ONDO STATE

>5 MILLION

INHABITANTS

18% UNEMPLOYED

10% OF WOMEN

MARRIED AGE <15

56,000 PEOPLE  
LIVING WITH

20,000 CASES OF  
MALARIA DIAGNOSED  
ANNUALLY

60% OF POPULATION  
VACCINATED FOR POLIO

10% OF INFANTS AT  
"LOW BIRTH WEIGHT"

97% YOUTH  
LITERACY IN ANY  
LANGUAGE

### WHY FUND US?

*Citizens of Akure are dying from preventable diseases due to the lack of adequate healthcare. Please help us change the state of healthcare in Akure today by contributing to our project.*
